

Roundit 2000

Roundit 2000 is a general purpose wrap-around sleeving manufactured from modified monofilament and textured polyester yarn, designed for mechanical protection and maintenance of wire and cable bundles. The self-wrapping feature of Roundit 2000 allows for quick and easy installation and removal of the product for assembly and maintenance. Roundit 2000 has many applications in the marine, commercial electronics and general manufacture industries.

Technical Characteristics

Continuous operating temperature	-70°C to +125°C
Expansion ratio	Wrap-around

Part Numbering Information

Part No	Nominal Size* (mm)
Roundit 2000 5 - 0	5
Roundit 2000 8 - 0	8
Roundit 2000 13 - 0	13
Roundit 2000 19 - 0	19
Roundit 2000 25 - 0	25
Roundit 2000 29 - 0	29
Roundit 2000 32 - 0	32
Roundit 2000 38 - 0	38

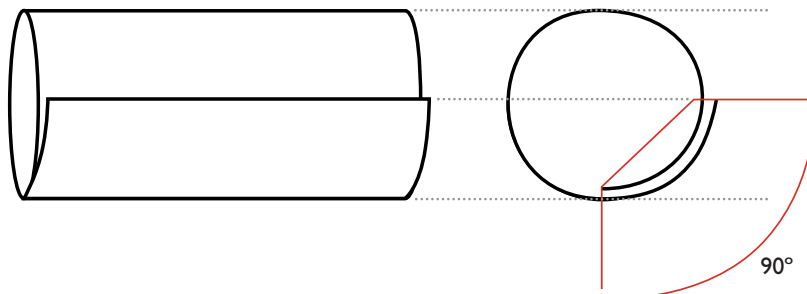

Availability

Standard colours: Black (0)

Specification: UL

A professional assembly "Roundit-Tool" is available on request for sizes 5, 8 and 13mm

Note: *Nominal size is determined by wrapping the product around a mandrel of a given size to obtain 90 degrees of overlap (average value).
